Report of the clean-up of Oyama River in FY2022

CKD Corporation (Headquarters: Komaki City, Aichi Prefecture, President: Katsuhito Okuoka) participated in the Oyama River Clean-up event hosted by Komaki City with local residents as part of its social contribution activities for environmental preservation.

1. Outline of participation in Oyama River Clean-up in FY2022

Date: October 1, 2022 (Sat) 8:00 - 9:00a.m.

Location: Oyama River, from Fusho Bridge to Kasugai City border,
approx. 200 meters, on both banks (G zone)

Number of participants: 45 employees and their families

2. On the day of the event

The Oyama River, a first-class river that flows through Komaki City, was divided into A-H zones and cleaned by local residents, companies and organizations for the first time in three years.

The river was cleaned for the first time in three years and a lot of garbage was collected, but the employees, families, and the local community were able to work actively and make the Oyama River clean.
