

### Positional reference of positioning hole

#### ● Positioning hole on body end face

#### ● Grip center reference, high precision positioning hole

Positioning can be performed with reference to the gripping center

#### Base line of positioning hole

With the workpiece gripped at custom stroke length, the finger facing left and the linear direction of the linear guide as the Y axis,

X axis direction reference: Upper finger tip

Y axis direction reference: Center of outer surface of finger

Ex) When standard finger faces left and

pipng is on top

LSH\*-□□□□R

Ex) When standard finger faces left and

pipng is underneath

LSH\*-□□□□L
