

Guide to the Exhibition

CKD

IFPEX 2024

第27回 油圧・空気圧・水圧国際見本市
International Fluid Power Exhibition

Date: 9.18 Wed. to 9.20 Fri., 10:00am - 17:00pm
Venue: Tokyo Big Sight East Hall #2, 3

See our Demos in action

CKD Solutions thru Hardware and Softwares!

Improved productivity

Wireless communication reduces wiring and maintenance

We'll give you a complete proposal with our demo unit!

HP
HIGH PRODUCTIVITY

Plug-in Block Manifold TVG Series

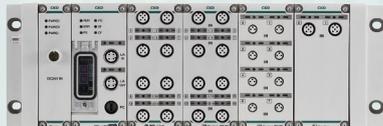

IO-Link
wireless

Input Unit WD Series

Improved Energy Productivity

Remote I/O
RT Series

We look forward to meeting you! We'll give you tips on how to solve issues such as carbon neutrality, sustainable production, and maximizing your energy productivity.

2-Finger Gripper
FLSH Series
(Rubber cover with case)

Electric Actuator

ROBODEX Pulse

Slider type for dust-proof environments
EJSG Series

Try using our samples

HP
HIGH PRODUCTIVITY

Environment-resistant cylinder
G-HP1 Series

SSD2

STS

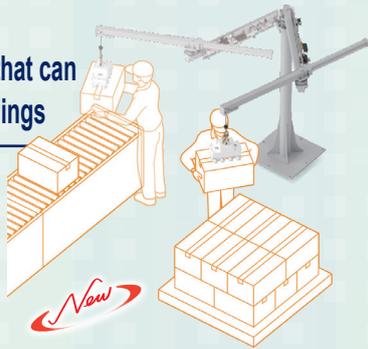

Improve the Working Environment

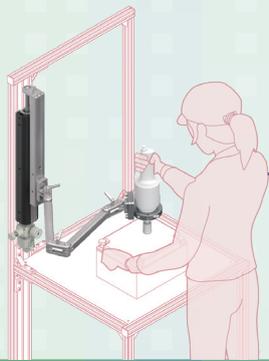

Compact and ideal for assisting in large areas

PAW Series
PowerArm

Easy-to-operate balancer that can be used even with low ceilings

FAW Series
Flex Arm

More comfortable operation of tools, equipment, etc.

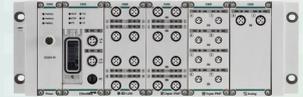

CAW Series
Compact Arm

Easy-to-use software automates Image Processing and Data Collection

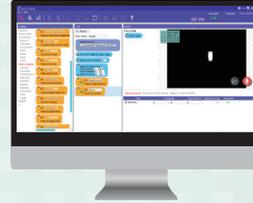

ExiaStudio
Components control

Case Study ▲

Remote I/O
RT Series (IP65/67)

For the automation of visual inspections!

Try using our samples

Software operation hands-on session!

You can use the software for hands-on inspection and equipment control. Record actual air and CO2 emissions from electricity using CKD components. Please join us in conjunction with the exhibition!

| Date | Exhibition | Time |
|-------|------------|----------------|
| 1 Day | 9/18 (Wed) | 10:30 to 12:30 |
| | | 14:00 to 16:00 |
| 2 Day | 9/19 (Thu) | 10:30 to 12:30 |
| | | 14:00 to 16:00 |
| 3 Day | 9/20 (Fri) | 10:30 to 12:30 |
| | | 13:30 to 15:30 |

Participate
Free of charge

For details, please scan this QR code and fill in the application form.

Contribute to Carbon Neutrality

Easily extract nitrogen-enriched gas

Nitrogen Gas
Extraction Unit
NS Series

Verified for hydrogen gas, redesigned and guaranteed for use

Hydrogen gas
Compatible components
VNA Series

Air consumption reduced by intermittent air blow

Pulsed blow valve

NP1X
Series

BNP-U
Series

CKD Booster Tour now available!

CKD staff will tour our booths with you and delve deeper into the appeal of our products. We are sure that you will find a solution to your problems.

| Date | Exhibition | Time |
|-------|------------|-----------------------|
| 1 Day | 9/18 (Wed) | 11:00 / 14:00 / 15:00 |
| | | |
| 2 Day | 9/19 (Thu) | 11:00 / 14:00 / 15:00 |
| | | |
| 3 Day | 9/20 (Fri) | 11:00 / 14:00 / 15:00 |
| | | |

How to apply Get a numbered ticket from the CKD reception desk.

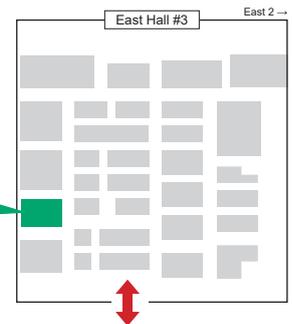

*First-come, first-served basis, and will end when capacity is reached.
