

iREX

INTERNATIONAL ROBOT EXHIBITION 2025

Dates Dec. 3rd (Wed) to 6 (Sat) **Hours** 10:00 to 17:00

Venue Tokyo Big Sight **CKD Booth** West 1-Hall W1-20

Solving Assembly Line "Challenges" with Physical Demos and Digital Twins

✓ Robot handling

✓ O-ring assembly

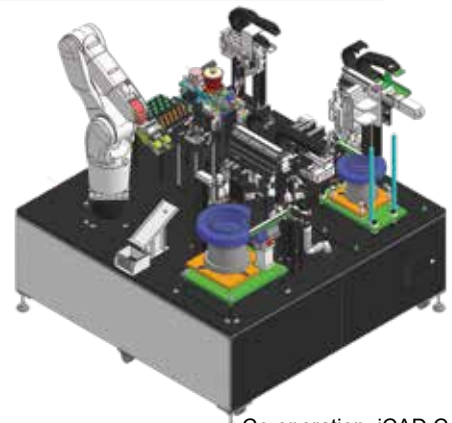

✓ Assembling small parts

✓ Screw tightening

✓ Visual inspection

Co-operation: iCAD Co., Ltd.

Improving Productivity with Multi-Axis and System-Based Solutions

LRXE-BS
(Slider Type)
Electric Actuator
Built-in Controller

EJSG
Electric Actuator
Slider Type

LRXG-STG (Guided)
Electric Actuator
Built-in Controller

FLCR
Electric Actuator
Table Type

ECMG
For Electric Actuator
Multi Axis Controller

Reference Exhibit

AX6R
ABSODEX Compact type

Productivity Improvement

Input Unit WD Series

HP

HIGH PRODUCTIVITY

Plug In-block
Manifold
TVG Series

Wireless communication contributes to reduced wiring and maintenance hours.

Solving Labor Shortages with a Diverse Range of Handling Equipment

(1) Supports various processes with the auto tool changer

KHBC
Auto Tool
Changer

FFLD
Electric Actuator
2-Finger Gripper type

PVP
Precision Suction
Plate

BNP
Pulsed blow
Valve

(2) Improving productivity with versatile grippers and wireless technology

LSH-HP1
High Durability Equipment
HP Series
Linear Slide Gripper

CKW-HP1
High Durability Equipment HP Series
3-Jaw Chuck

HMC-HP1
High Durability Equipment HP Series
Wide Parallel Gripper

LST-HP1 High Durability
Component HP Series
Low Profile Long Stroke Gripper

(3) Reducing
changeover time with
tracing technology

FSH 3D Suction
Hand

FSB
Flexible
Support

Improving the Work Environment

Handling heavy items
beyond the limits of
collaborative robots.
Use with FAW to
achieve labor savings
and automation.

FAW Series
Flex Arm

In cooperation with: Srix Co., Ltd.

We have several demo
units available for you
to experience firsthand.
Please feel free to stop
by our booth.
